How irritating.

That he's not fighting with all his power to kill me...

Was this bastard actually friends with Lucy!
BACK
Maybe he had that sort of relation with her....
No, no way she was like that with that little fly bastard...
GROOWL

Shut the hell up
Damn. I'm sorry to Ra
But you can't say you're faultless too right?
Because you made that poor bastard wait for so long

ROAAAR

The teeth sword can't absorb the heat...?

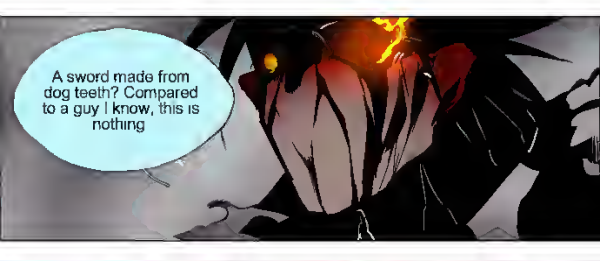
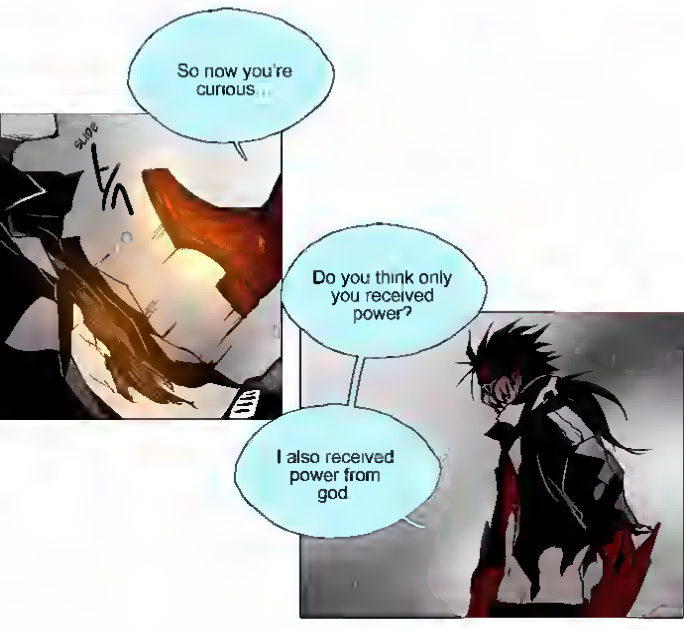
CHOUGH

Why
If there's more energy than it can absorb then that's it

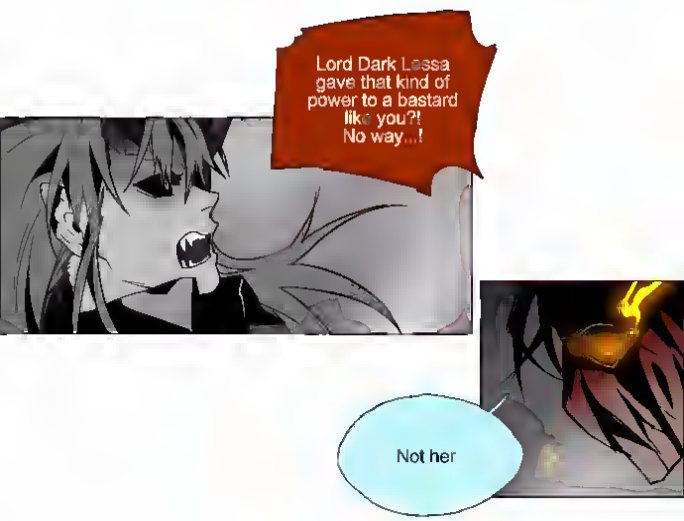


A sword made from dog teeth? Compared to a guy I know, this is nothing

You... what the hell are you
What are you with this sort of power..!



So now you're curious...
SLOPE
Do you think only you received power?
I also received power from god.



Lord Dark Lessa gave that kind of power to a bastard like you?! No way...!
Not her

You know, the guy you've always resented
What ..?

It's not a power to show someone like you,
But I want make you understand how much of a waste of time it is to be here like this with you

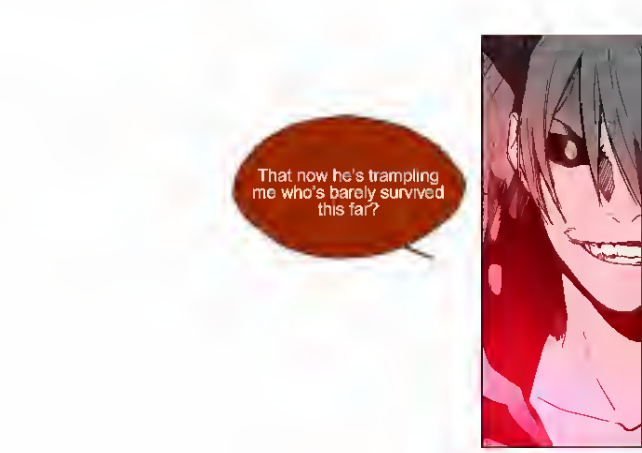
Do you understand what these flames mean?
I'm talking about the god who made this world

And you.
.....

RUSTLE
The god who made me...?

Even if you say there's something like that...
SLIDE

Just what the hell did that son of a bitch do for me... that now...



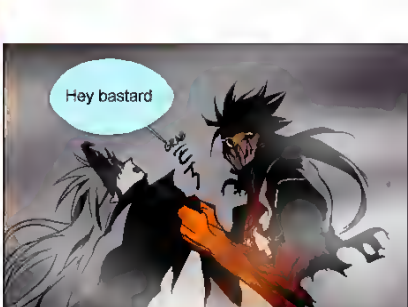
That now he's trampling me who's barely survived this far?

I'm saying, why did he give you power and try to kill me!!
TOWARD
of
of
of

PON
He hasn't tried to kill you yet.

Argh..!
STAGGER

Even just a touch and my skin...!



Hey bastard

If you were Lucy's friend, yeah, if we had found you, we would have saved you by whatever means
I never wished for something like that!!
KERPOW
You think you who chased the tail of your sister around would understand me?
I have no intention of running around with lucky bastards like you.

.....
Look.
My whole family died in front of my eyes
Even before demans appeared, my father was killed by a burglar.
I didn't even know if Lucy was alive or dead...
I was scared that I might not have anything left...
But Lucy was my light.
Light.

It didn't matter whether she was there or not.
Yeah, the belief that one day I'd reach her.
You probably also would want to know if there was anything left by your side.
Yeah.
I'll show you the light that you so resented.

Was everything that happened a dream..?

I know I've dozed standing a lot..

But this...

Ares,

Caleb,

none of that happened

Number 4. the weight keeps being exceeded.
Yes, sir!
Number 21. This is rubbish. Take this back.
Yes, sir...!
The raspberries this time are the cream of the crop. Be precise!
My apologies!

Then I,

just like these raspberries
am still on this rail.

And still,

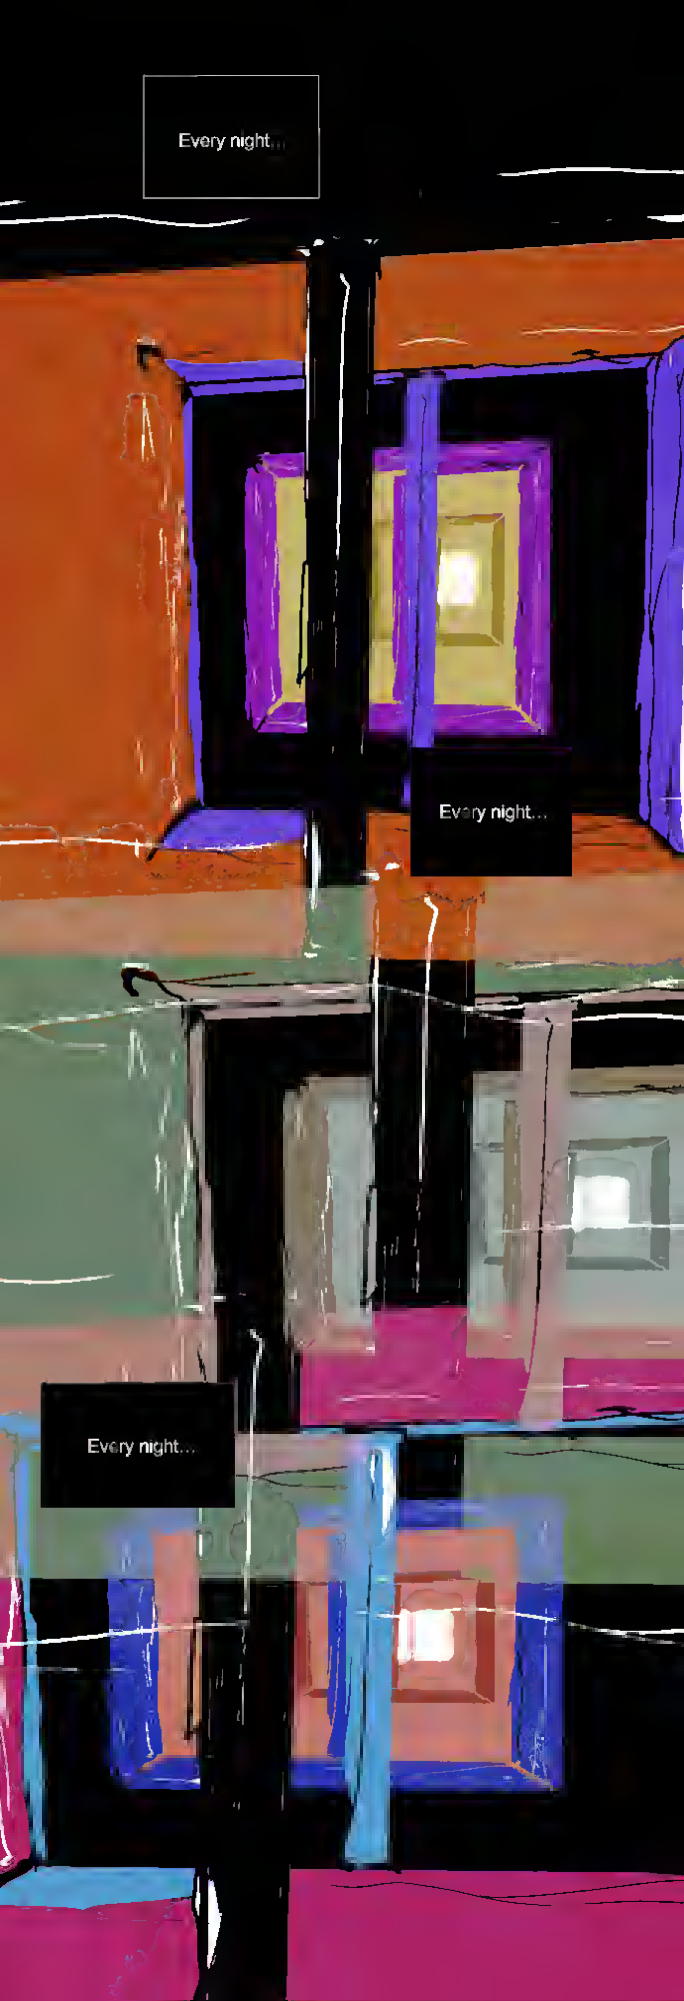
that small window...
is giving me light.

Have I been standing here the whole time I was dreaming...?

I dreamed a sad dream

A dream where the light left my side,

A dream that came every night...



Every night...
Every night...
Every night...

Damn this...

Are you playing with me...?
Appearing like this...
Did you want to confirm what kind of trash I've become?

Finally, we're departing.

Is Lord Ares still in the castle?

We're not quite sure

There was an order for everyone to evacuate the premise

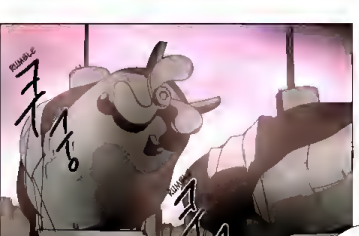
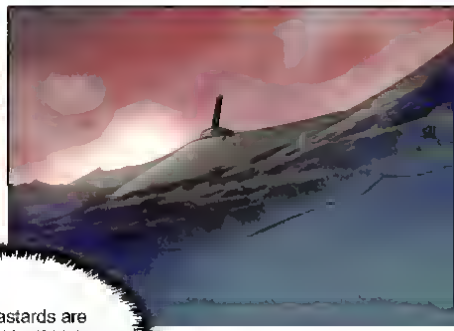
Just him and Sir Lessa...



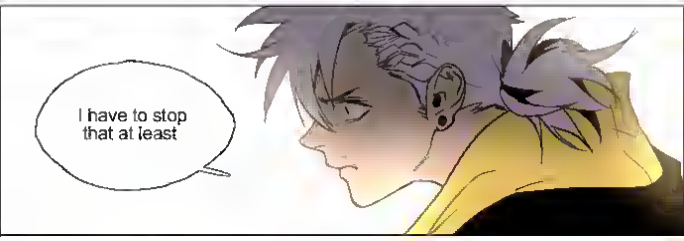
Submarines ?

Perhaps



These bastards are planning on crossing the sea...?

SQUEEZE



I have to stop that at least

What are you stopping?

Is there a problem, Bark, sir—!

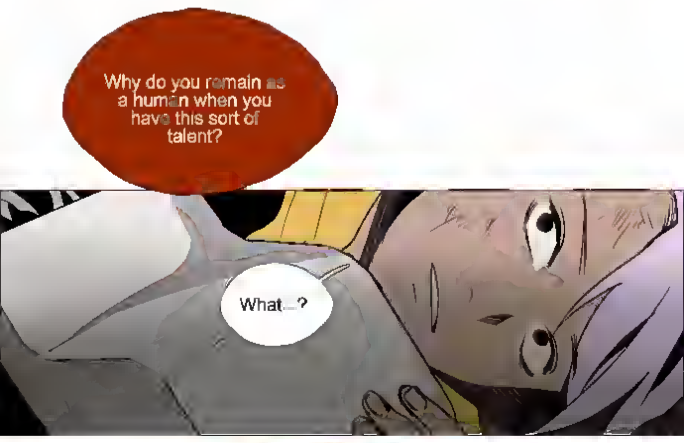
2nd generation...!
You said you were Lexter?
Anything other than actual sunlight is useless.
In other words a cheap toy like this is useless
Although you had your fun getting in our way,
In the future, it will all become useless.
You said useless three times!
Yes
Though I don't know what this is, this, also, is probably ultimately useless

Base~!!!

Nice catch!!
I finally found it!

However your talent isn't useless.
?
You're definitely exceptional compared to others
Though your main flaw is that you're human



Why do you remain as a human when you have this sort of talent?
What...?

Scientists and intellectuals came over to our side early on

Although they say our path is the path closest to the truth,

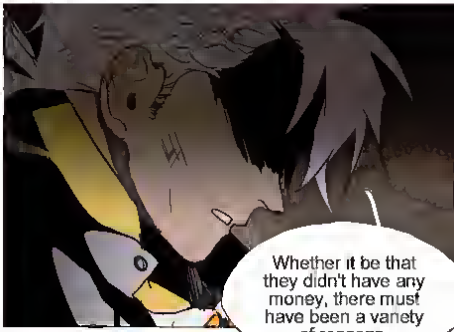
It's also because they know that it's not advantageous to go against us.

Lord Ares does not reject people with power. If you want-

That's enough.

Haaa-
This is why they say... deman guys don't have manners.

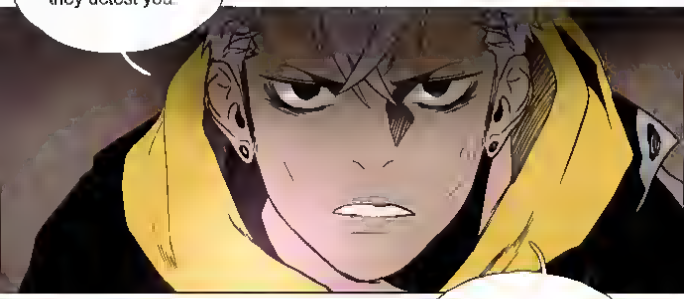
Why do you think humans remain as disadvantaged humans.



Whether it be that they didn't have any money, there must have been a variety of reasons.

But now...

It's because they detest you.



This is the only kind of people left.

The blood and souls of our families, friends, and lovers are stuffed inside your bloated stomachs...

Wouldn't you find that revolting?

Could I possibly become a god?

However,

Up 'til now, there have only been humans who couldn't withstand even this small fragment of dark power.

Every one of them have been failures.

Lumps of flesh that can't even open their eyes.

Does it even exist,
An existence that can contain the dark power other than Lord Lessa
I wouldn't even know

Whether I'm a failure
Or a success

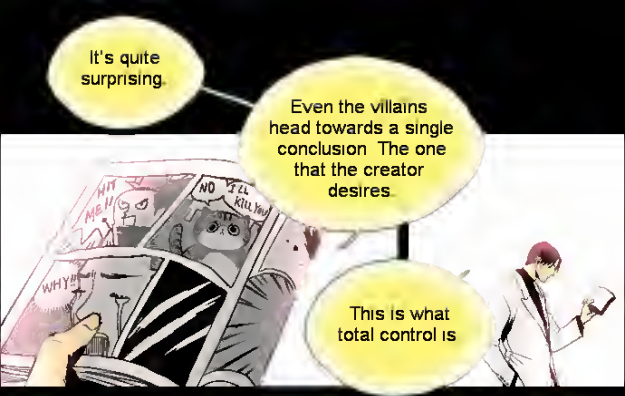
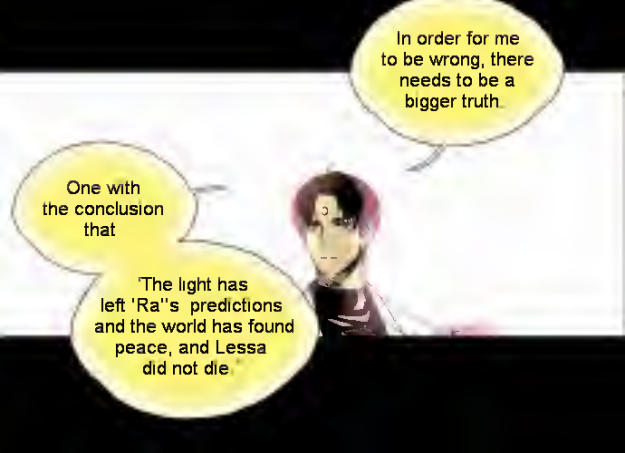
That's because I made this world.
Huh??
holds
Isn't that a comic book?
That is correct.
??
I was thinking I should see one of your human creations
What are you suddenly talking about...



It's quite surprising.
Even the villains head towards a single conclusion. The one that the creator desires.
This is what total control is.

Isn't it just that way because it's just a picture?
No.
It's because the creator is beyond these pictures.

I'm not sure what you're trying to say... Please don't speak in circles.
A bigger truth.



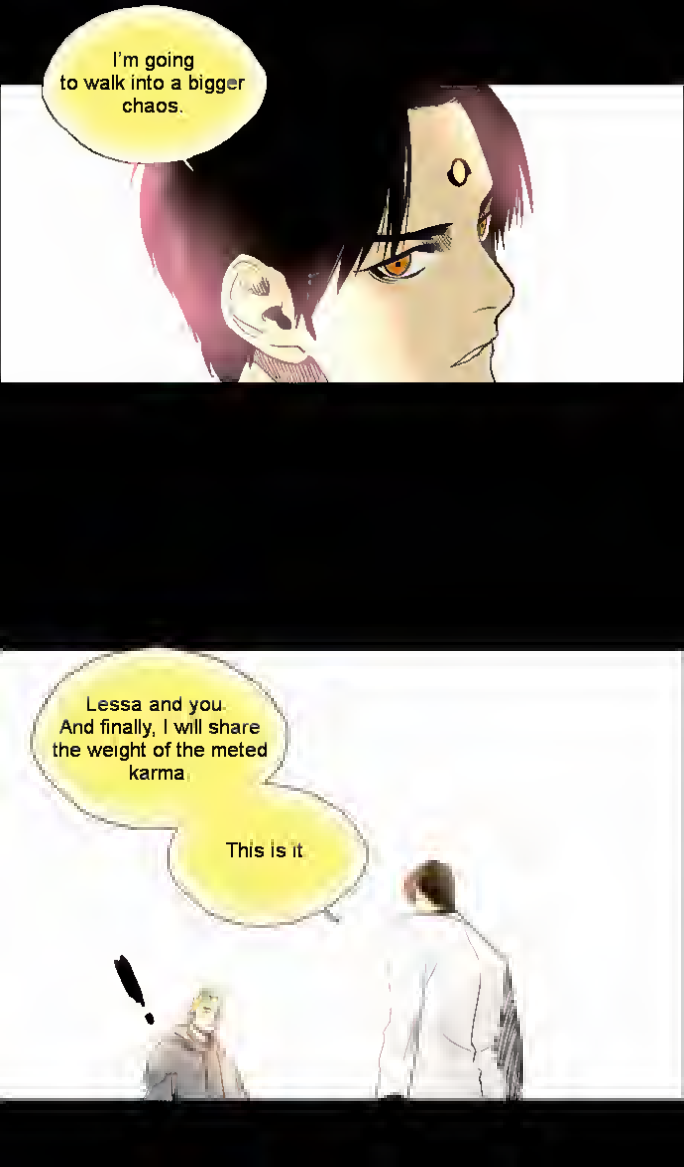
In order for me to be wrong, there needs to be a bigger truth.
One with the conclusion that
"The light has left 'Ra''s predictions and the world has found peace, and Lessa did not die."

Well...
Something like that might not even exist either.
Since, just as you said, pictures are just pictures.

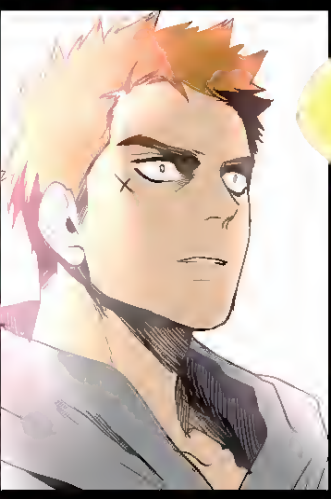
What help does that pointless conjecturing do?
What is someone who clearly sees the future hoping for?

As you know Dark Lessa wasn't created by me.
It definitely is an existence with a bigger truth.
Isn't it funny?

Just as you pray to an unseen god
Just as you always make mistakes
And just as through that, you find an unexpected path



I'm going to walk into a bigger chaos.
Lessa and you. And finally, I will share the weight of the meted karma.
This is it.



We have to finish Ares.
